

The size? **SMALL.**
The functionality?
ENORMOUS.

Epic 880™

- Small, modular design, configurable to any space
- Variable-length presenter
- Ticket retract capability
- Accommodates 4 or 6-inch paper roll
- Serial or USB interface
- 8MB of RAM memory
- Easy-open clamshell paper loading

Don't be fooled by its compact size, this powerhouse is packed with features and functionality that defy its small footprint. When game or kiosk real estate is limited, the Epic 880™ is your printer — especially for applications like Amusement with Prizes (AWP), Skill with Prizes (SWP), and Video Lottery Terminals (VLT).

WHO WE ARE

TransAct Technologies Incorporated (Nasdaq:TACT) is the leader in developing and manufacturing market-specific printers for transaction-based industries. These industries include gaming, lottery, POS, kiosk, and banking. Each individual market has distinct, critical requirements for printing and the transaction isn't complete until the receipt and/or ticket is produced. TransAct printers are designed from the ground up based on market specific requirements and are sold under the Ithaca® and Epic product brands. TransAct distributes its products through OEMs, value-added resellers, and selected distributors. TransAct has over two million printers installed around the world. TransAct has a strong focus on the after-market side of the business, with a high commitment to printer service, supplies, and spare parts. TransAct is headquartered in Hamden, CT. For more information on TransAct, visit www.transact-tech.com or call 203-859-6800.
