SP700 SERIES (DOT MATRIX PRINTER ALL IN ONE BOX)

The SP700 comes complete, right out of the box, with free, feature - packed software included on CD!

The SP700 combines ease of use, high speed, reliability and a compact footprint to provide a value-driven solution.

The SP700 is a printer made of a proven technology (Impact Dot matrix) with all the tools that allow you to use it with the latest PC hardware and still using legacy POS software.

The advantages of such a printer are evident for applications such as retail, Bar, restaurants, Dry cleaners and convenience stores. This Dot matrix printer is provided with all standard operating system drivers (Windows™, Linux™ and Mac™) and specialty drivers such as OPOS™ and JPOS™. Star has also included a number of embedded simple utilities that will enhance Retail or Hospitality CRM in POS applications and therefore make the entire experience a charm.

The SP700 is the ultimate Dot Matrix printer that allows you to print multiple plies.

Includes Windows Vista™ "WHQL" drivers on CD.

- > Match the model to your application – Tear bar, auto-cutter and rewriter models available.
- > 2 colors – color option attracts attention to modifiers or special items on the receipt.
- > Macro storage function adds security to receipts and tickets with graphics and special fonts.
- > Splash proof design protects it from the harsh environments of kitchens and restaurants.
- > SP700 re-winder version automatically spools printed paper into a conveniently storable roll.
- > Produce flawless pre – printed documents with its black mark sensor.
- > Recessed cable connections keep cables securely connected and free of accidental disconnection; keep food and other debris from damaging the cables.
- > Space efficient /optional vertical and wall mount kits available
- > Serial, Parallel, USB, Ethernet, and WiFi swappable interfaces available

- Clamshell design for easypaper loading
- Embedded power supply
- 2-color, high-quality graphics print
- Spill-proof & heat-resistant
- Swappable interfaces available
- Wall mount
- External buzzer option

When Thermal Isn't An Option – Use The New SP700 From Star Micronics

An easy-to-integrate, innovative kitchen printer that can take the heat.

The SP700 impact printer is the latest addition to Star Micronics' robust line of printers. Built specifically to work in environments where heat and humidity can erode the type on the kitchen order, the SP700 is an ideal solution. This fast, two-color printer offers crisp, clear type for easy viewing, clamshell design for easy paper loading and an embedded power supply for space efficiency.

The SP700 was designed to make its installation, utilization and maintenance as easy as possible for any user. The SP700 is ready to be used right "out-of-the-box." A CD with WHQL drivers iXP®, 2K®, Vista®, linux and MaC® OSXI and documentation is included with the printer, making it ready for operation immediately after purchase.
