# A798

## The Champion of Value-Priced POS Printers

### Fast Monochrome Printing

Sharp 203 dpi thermal printing, with print speeds of 150 mm/sec, improves transaction productivity and customer satisfaction.

### Rugged and Reliable Design

Full steel modular frame built around our legendary rugged print mechanism. The steel frame adds strength and stability, extending component life. Combined with CognitiveTPG's exclusive, self-sharpening ceramic knife, the A798 offers the industry's best combination of printhead and autocutter reliability.

### Versatile Modular Configuration

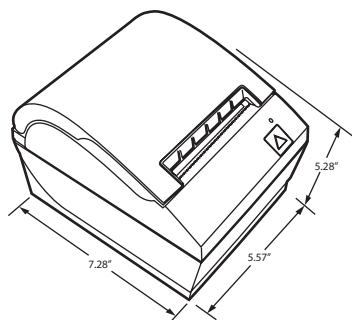

The modular design of the A798 means faster delivery and the best price/performance value in POS printers. The A798 is also backwards-compatible with earlier models and many competitive printers.

### Ease of Use and Versatility

The A798 offers a small footprint to save valuable space and is designed for easy drop-in paper loading. The installation CD gives the choice of easy and fast basic installation or sophisticated custom installation options.

### Increased Spill Resistance

The A798 was designed to withstand actual POS environments. It features a liquid dam and unique drainage features for uninterrupted printing.

Meets strict European standards, such as RoHS & WEEE compliance, for non-toxicity of components and recyclability.
